Dear Parent/Guardian:

To receive tutoring services, students must have an Indian Student Eligibility (506) form on file in our office. If you are not enrolled yet, we will send a 506 form home to be completed before tutoring may begin.

You are responsible for providing transportation from the After-School Tutoring sessions at 4:15 pm. Your child is at risk of being removed from the After-school Tutoring Program if your child is not provided prompt transportation after the tutoring session.
